

## A MESSENGER.....

What is Christmas? To experience the dawning of a new day, one must find himself waiting at a certain scenic viewpoint much before the first rays of the sun break through the eastern sky. One must settle himself in this place while it is still dark and have his camera ready to etch in memory forever the first light of dawn that breaks forth gently yet inevitably in its out raying beaming brighter with every fleeting moment, until all is revealed. And when one has experienced first hand the warmth and the light, received the energy that fills one's being as the first rays of that morning sun caress their skin. Then, one will know what it is to experience the dawning of a NEW DAY.

So also, to understand the whole meaning, not of the term but of the event, one must step back and much like one would admire in a photo gallery the past glories of a precious gem that is no more but a picture in a frame, yet visible through the lens. Every detail, each cut revealing its brilliance, every facet revealing its effulgence, every beam of light magnified to shine through revealing the flawlessness of this precious stone, which is but a memory. One must step back, and through the telescope of the Spirit's revelation, see the glory of man **WHEN HE WAS CREATED IN THE IMAGE OF GOD.**

When we begin to read the testimony that God has given to man (scripture) through the eyes of the Spirit, new realities begin to become visible and those things that were mysteries until now, are revealed. Hence it does not come as a surprise, when, quickly we have to re-adjust the glasses of our understanding to read again the same words in the meaning of a new light that has been shed upon them. Now hear the testimony of the Creator, the God of heaven and earth and all that is, the most High God (Spirit/ Parent/ Source) within man, for how else could one be inspired unless God inbreathes in him.

“King of Tyre, thus says the Lord God, you had the seal of perfection, full of wisdom and beauty”. Allow us to explain.

God lowered His spirit man created in His image into this physical and material world by forming him from the elements that make up this dimension and breathing in him the breath of life and man became a living soul. But before this he was created a living spirit and had the seal of perfection.

Adam the first created spirit man and Christ, “the word of God” before He became flesh had a few things in common. Not our testimony, but the testimony of scripture. And before a lot of people get uncomfortable in their seats, we pray that the one who reads will continue till the end, hear what is said and ask God to open their understanding. We are confident that this word shall bring light to many a dark area.

For one, scripture testifies that they are both **THE SON OF GOD**, in symbolic and prophetic language they are both called “Rock”. They are both “Anointed” and finally an important point of commonality is that the nature and appearance of both, Adam and Christ Jesus (head and body) is described in the same manner. Again, the testimony of scripture, not ours.

So in the day that Adam was created, he was created perfect and was the seal of perfection full of wisdom and perfect in beauty. To be continued.....
