

TIMELY TOKENS

(The following are some writings which should prove timely in view of what is happening from day to day)

Delete what you have heard of confusion, calamity and catastrophe, for there is still another voice to be heard regarding the matter. Rest assured that as at other times I have spoken, so I will speak again. I know the way into secret chambers and through barred doors, and I will stand where I have stood before and declare righteousness even with judgment.

Sacramento shall hear a scroll of truth not to be turned aside, for California must be prepared for dark days but light in the darkness.

I will smash the U.N. and show that compromise with other nations has never been ordained of Me.

Watch with seeing eyes what takes place at the seat of government, for from the President of the nation downward shall be upheavals according to My purpose. There is a shaking among the echelon, and I shall put down some and raise up others in whose hearts are the ways of truth. Men cannot but do My will, for it is sovereign at all times and in all places.

Democracy has bordered on autocracy, but neither of these shall stand. Rather there shall be an establishment of the ordered purpose of God by such vessels as He shall choose.

In coming days you shall learn to walk softly at all times, for you know not the hour of His appearing and deliverance. Surely the Lord God shall come down unto you, reveal Himself to and in you, and you shall be changed.

Mark the forthcoming of a new nation on the other side of the earth, for this shall be the sign of a new dimension of spiritual activity. So be it.---2/11/66

A mass of conditions and an answer for every purpose---Congregate yourselves together, for the Lord has a word to speak unto you. With the appointed sum and the appointed time shall the appointed word be given. It shall be when the moon is in its first quarter and the wind of the winter is assuaged to a breeze. A matter of mingled truth

is yours at the present, but when this comes to pass, the fragments shall fit one to another along with that which shall be newly given you. A total of three months in its order shall open a new page and a new understanding. The fall is an opening door through which you shall not fear to pass, for many changes shall occur. Precedent shall be broken, and faith shall be given.---9/13/66

A counterpart is planned for the "kismo", but in the arranging of details the keystone has been abruptly Watch for the timing of three men who rise at the same time and whose minds are one. There shall be one from the north one from the south, and one from the east. They shall meet on mutual ground, but their handclasp will not last. At the same time there shall arise three personages who do know their God, and they shall reveal the secrets that have been spoken by the "kismo". Then shall those who have ears to hear be alerted to the hour of destiny.---10/16/68 (We do not know what the "kismo" is, but maybe someone else might have some understanding of this.)

There is a rare tribute of words that is given unto those who have ears to hear. Even as it has been promised that He would turn to the people a pure language so shall it be in the days that are just before you. Much of what is given in singular words or combinations thereof shall take the enlightenment of the Spirit to understand. What has so far been given has been but the kindergarten of such knowledge, but the speech of the just shall indeed be a new language--new in the sense of its purity, its rarity and its power. Thus you shall be able to speak to one another in a language that the unenlightened shall not understand. This is needful not only for your enlargement of mind and learning but also for your protection. To you it shall be natural and easy flowing, but to others it shall be riddles and hard sayings that mere man cannot comprehend. Therefore be ready to receive, alert to hear and quick to understand, for this time is now and not some far off time. From time to time shall I give you new words and at the same time the meaning thereof. Thus you shall not walk in darkness as the children of men do, but you shall walk in light as those born out of the womb of the morning. What is here spoken shall be verified by the Lord God of Israel to whom He speaks.---4/4/73

Original masters are the cause of much confusion in the heights and depths, for they have turned themselves into many forms to confuse the sanity of men. Let not the higher powers who have been lowered become the certainty of many results until you have proved the matter.

In the originality of God's plan there was a creation that was to be the dispensers of light, yet not such light as you have thought. They were to dispense it by being messengers of disturbance that by contrast the true light might be seen. They have but fulfilled their purpose and are continuing to do so until the time appointed of the Father. Therefore, let the magnitude of this responsibility of judging aright fill your being, for the Lord is with you and ever has been.

Now let us hear further regarding those who have been given the ability to change themselves into any form desired to accomplish that which has been planned. They were created in the beginning with a wisdom that excelled, but because of this wisdom they were corrupted with their leader who comes as an angel of light, transforming himself, thus, therefore having the ability to transform himself, and his followers able to do likewise, there is also the ability to be transformed and changed into human form if the occasion exists. They therefore become men, but not women, and this for a specific purpose. They were created to be sons, not daughters, for in the sons is the power of procreation. Nevertheless, in them is not the capacity to conceive, develop, and bring forth, so they thus would captivate the minds and bodies of women to utilize their beings to become great with and bring forth in the earth what is not desirable. Even so this was done in the time before the flood when giants were brought forth, and so it is again in a more deceptive manner. Therefore the women of God must understand their position as receptacles of holy things and not unholy things. Therefore must they be freed from fear and bondage by seeing the truth that makes them free and keeping themselves in the love of God, and also in the true love of wife to husband and husband to wife.

Be it also known that the stronger force of generation is in the male and not the female. Therefore also these lying beings who have belied their true identity have been given that generative force which is at times overwhelming to them, and they care not as long as they can reproduce after their own kind, and yet it is not after their own kind either, for the reproduction becomes a villanous mixture that hexes the earth.

Beware of which seed to which you listen, for

the giants of today's tincture speak great words of great wisdom and knowledge, but it is rooted in the being of creation rather than the being of spirit. It can be recognized only with keenness of perception, for the tares and the wheat grow together looking much the same until the time of harvest which time is come. Yet hear this word of wisdom that proceeds from the fountainhead of true knowledge: The messengers of supernatural origin either by outright intimidation or fear of consequences subtly implanted lure many to their teachings. They truly speak truth but with one measure of it always omitted. They agrandize the creation of God but never differentiate between creation and generation, that made with hands and that made without hands. They purport mysteries but never do they fully uncover them. They steal the truth of God, having known it before their hineous intrusion into the earth realm and the illegal abuse of women, and impart it unto their seed who propogate the hidden things and distort them unto perversion, yet such perversion as few recognize. Yet in all of this there is hope, for the God of heaven and earth by these means will purify His Sons until the fulness of truth is clear, and the angling truth is righted into its proper perspective.---5/1/66
