

A Word from our Father

This is what we sent to a very dear friend of ours. We thought that you might want to partake as well for it is truly a Word for MANY.

~~~~~

I am restoring your love, your joy and your peace. For *as* you walk in the light that you **really** are, you will know that you are **not** the flesh in which you live and move. You **are** light and life and love that has **no** end.

As you soar in the heavens with your feet on terra firma, you will give no regard to the weakness and pressures and depression that *seemingly* has you bound. You will **see and know** assuredly that it is Me, the Lord God that is your rear guard protecting and keeping you all the way.

Soon you will move into a new awareness of a life that you are yet to see - an awareness that will not leave you night or day. And you will have a revelation of the healing touch and how it is given to man in this new day. You will move into a new ministry of impartation to your fellow man.
