

## **THE SILVER CORD...**

The silver cord is the lifeline to the physical man, the biological creation of the one at the opposite end of the cord. In typology, silver is about redemption. This cord would be the means, the channel whereby my higher identity at the other end of the lifeline is able to release its essence through the silver cord to me the physical creation... the miniature ego when it's ready to receive it. When death of the physical man {the little ego} occurs, it is because there is a separation from this life line. It is the one at the opposite end of the life line that determines when it's time to break it.

This one at the other end is me, it's my I am consciousness. All that I'll ever need for the journey in consciousness must come by way of the silver cord, and will. This silver lifeline is the only connection between the physical man and that which created it, and it gives me life {ZOE} and breath. At the other end of the silver cord is everything I would ever need to excel in every way in this physical life. Health, wisdom, Love, it's all at the other end of the silver supply line. At the other end of this silver lifeline is the eternal soul of me. This soul of me also has an eternal lifeline. This lifeline is a golden cord and it runs from my soul all the way to that Absolute, the ONE that dwells in unapproachable Light.

This golden thread is the same thread that connects the biological part of me to my soul and being silver it has a redeeming effect on the physical man. Once this cord reaches the soul and continues on to the Absolute source of all that is, it becomes golden and this golden cord that runs from the soul of me to the Absolute, that which Jesus referred to as Father cannot ever be severed. Spirit, soul, and body are all one entity. {Three in one} The golden thread is again, the lifeline to the soul and passing through the soul becomes silver and has the redeeming effect. This redemption is a salvation from the lower densities when the soul is ready. The soul {higher self} is eternal and is one of an infinite number of the egos of prime creator. These egos {souls} are the enablement of the universal God/prime creator to function and to live and experience all the many different densities.
