WHAT IS GOING ON?

My computer has been down for about four months due to some repairs being done on our house. The insurance has been rather slow about getting it done but it appears it will all be done by the end of April! (You might hear me rejoicing.)

I had a hard time understanding why this time was so important. I felt something was happening and finally came to realize Father was leading me in a kind of different direction in my writings. We all know all things are for a season and a season is changing for me. It has taken Him awhile to get me to move out of the track I was on but I now understand that I have to raise the *temperature* of what He gives me to write. I am glad to be back, even though I don't know what or where He will lead me into but I am willing to go where He leads. I do know He has told me I am to *take off the gloves* and get serious. His people need to get down to business with Him. If anything you read offends you I would ask that you think about it before throwing it out. None of us are perfect and we don't always hear exactly how He says it. Mistakes will be made but just love me.

Has anyone realized that our world is in trouble? There is a force that is coming against His Kingdom. No, not satan, but of the fleshly carnal mind with all of it's greed and hatred. The human mind is the most beastly of all the beasts of the field. Only God knows our hearts and all the evil therein.

He has called some of us to speak out and stir others up. His people have become so docile and complacent that anything goes for anybody! It is amazing what people will do and no one ever says anything about it! People literally get by with murder! The news is full everyday with incidents that have happened and the perpetrators don't seem to be worried about the consequences of their offense! If you are a believer (I am **not** saying *if you are saved*) and not someone who attends Church and then goes about your business, He has called you to do something. Not just anything but what ever He would have you to do! We get mad and complain and then just go about our business like God will take care of it by and by! There is no BYE and BYE, it is the NOW and NOW! We are supposed to be about our Fathers business and building His Kingdom on this earth! Why do we just sit quietly and call the Pastor to do something?

He has called all of us for a bigger purpose than calling the Pastor when we see trouble! The scripture tells us that we are to show our faith by **our** works.

We are supposed to believe that prayer is the communications between us and God. Are we praying an hour a day because Jesus prayed an hour (or so we have been told) and that is our duty? I hope we have

come to the place where we pray continually, constantly, always. Jesus talked to His Father and did only what He heard Him say. Are we there yet? I have found that the more I talk to Him the more I hear from Him! Are we afraid that if we ask Him what we should be doing He will tell us?

As I was writing this out in long hand this is what He was saying to me —“My people, who believe that I AM, claim to talk and hear me. There doesn't seem to be any proof of them hearing me because they just say *Amen* and go about their business! They don't seem to understand that to *hear* is to do! When I speak to them something I want them to do, there is no action.”

If you have heard Him say something then do it! We don't need to know why or the reason. If He wants it done and has chosen you to do it He will supply all the information you need. He isn't asking for any excuses of why you can't. He wouldn't have told you to do something if He didn't know you could do it! Just trust Him. He has heard enough excuses and now He wants us to understand He is in control. Excuses are not working anymore. In the past, He has overlooked them and went on to someone else but not anymore! The Fire of God is going to burn until you obey! He will not give up and you will not have any rest until you bow your knee to the God of the universe! There is no more time for the religious games we have played in the past, He has gotten serious. There is work to be done that can't be done in the pew and we are the elected ones!

What He has told you might not be a spiritual thing but we are spirit and all that we do is spiritual! If we can grasp that one Truth then nothing can discourage us from acting on His word to us! When we realize when we are eating, shopping, sharing, cleaning house or anything we do for a living is spiritual if we do it as unto the Lord.

All we have to do is look for someone to give a smile to, open the door for, or any way that you can give a hand to, do it as unto the Lord. Remember He has said that as we do it to a brethren we have done it to Him. He lives in everyone and when we see another person just see Him. It makes it easy to love when you know you are loving HIM!

What makes us believe that to be working for Him we have to be in prayer, bible study or church? We go preaching, meaning that as we go we are to proclaim that He is Lord with our lives. Our attitudes and words as well as our actions should glorify Him. *That* is working for Him. That might be all that He asks of you, but be satisfied that you are obeying Him. Everything we do or say is important in the “Big Picture” of His plan. Nothing can be left out!

If we believe all that He has said or is saying to us then we know excuses are lame! Sometimes He will ask us to sacrifice money or time for Him. He might even ask us to do it for someone we don't care about! If we can't afford to give time or money because we have other things to do then we don't believe His word
