

THE HEAVENS & EARTH MARRY

PART TWO

AQUARIUS=TRIBE OF RUBEN

Reuben's name means "To See" (keeping in mind that Reuben is the first born son of Jacob and Leah thus, he is the firstborn of the tribes of Israel). Reuben symbolically or spiritually speaks of the firstborn within us "TO SEE or TO LOOK". Leah says in Genesis 29:32 surely the Lord hath "LOOKED" upon my affliction! Oh! Be careful little eyes what you see. In this study I hope to present fruit from the Tree of Life, after a balanced look at the Tree of good and evil. As we look, closely at Reuben's life, we should see a picture of some of the pitfalls, and Blessings of this present age of Aquarius. This tells me we may look' with a divine eye, or a maniacal judgmental eye. The challenging question is how far do we SEE? We may be short or far sighted. What is our interpretation of what we see? Where are we standing when we See? What is our perception? Lastly, What is the outcome of our conception?

Question 1. How far do we See? Is our seeing only of our past and dwelling upon our Negative and fearful experiences? Or perhaps we have learned to look on the bright side, this is far more effective in our spiritual growth. Without a progressing vision we shall dwell carelessly. So many seem to have reached plateaus, and embrace them and hold to a mute point. It is expedient that we choose to grow spiritually. After all, we are eternal beings sent to

experience past, present and future. Life is cyclical existing in circles that appear in spirals.

Question 2. How are we interpreting what is before us? Again is our seeing, limited eyesight for the now and how we interpret it from past and present experiences? Could we challenge ourselves and say how does my seeing' affect all of humanity? How is my seeing influencing me now' and in the past? The scripture states in the book of Lamentations 3:51 Mine eye affecteth mine heart because of the daughters (my personal affections) of my city (my own governmental thinking processes). Are we willing to expand our horizons? Interestingly enough 'Zion means to 'See Beyond.' What are we able to SEE BEYOND???. Perhaps we could not embrace the fearful so tightly? How and what do we allow? Perhaps we allow the Passion of a moment to captivate and hold us in a prison of our own creativity? We may choose to follow in Reuben's footsteps and be caught in a web of our own desire and move thru a deceptivity. It seems to me that Reuben misinterpreted his own desires, an exchanged them for Heavenly ones. Are we paying to much attention to that lower cross. ALWAYS KEEPING IN MIND, HOW OUR MENTALITIES CHOOSE TO DISPLAY. Is it in our scope from where we are standing, to see past the present? This moves us on to the next question.

Question three, Where are we standing when we see? Are we standing on the Holy firmament that we have pounded out with that deep passion that surges as an ocean in every mans heart? Could we be standing as Moses of old, beholding the burning bush that is not consumed by the fiery test of this life? The beautiful eternal Body of Christ. Have we learned to embrace the Cardinal Cross of love as the Lamb of Passover? According to one of the books in the Books of Eden, namely The BOOK of Reuben. Rueben tells of his own downfall and how it occurred. We must keep in mind that the Rueben type living within us is subject to vanity. We each must keep our vision lifted above our own personal desires. He tells us

that what He was seeing or fixing his gaze upon was answering to a lower desire (his own personal satisfaction). Reuben was raised with his brothers, sons of Leah, sons of Zilpah, sons of Bilhah, and the sons of Rachel. Bilhah was the handmaiden of Rachel, her name means to be terrified, fear and trembling and presenting herself as victim appealed strongly to the masculine EGO. Where Reuben was standing, he felt he must DO something to protect her. He began to cast a EYE upon her until he saw her having some wine and bathing in her tent and could not control his lower Passion. Let me ask us, did Love take a fall into a different dimension? He took her unawares thus imposing condemnation upon himself which moved him to different order in the sons. His prophesy in Genesis 49 bears this up, also the traveling order in Numbers 1&2. We do see him redeeming himself as he submits his birthing order of the firstborn unto Judah. Thus if we are honest, most of us will see ourselves caught in this age old trap. Should we step in as the Dragon Slayer or wait upon the Lord who renews our vision and brings changes in his time? If we step in as a dragon slayer as God or Spirit thusly we move into the order of untimeliness not trusting the Father or Husbandman=Jacob.

Question 4. How do we perceive? The word perceive means to become Aware! Is our awareness on a very limitless or in a prison or prisons holding us captive in a hell of our own making? Awareness is a must in expanding. Be careful not to settle for a nice neat Box. Fathers plan was always meant to expand in so many of his ways.

I would love to hear comments from you. This is some of the weaker places in Reubens journey. I want to share of some of the positive points of view in the next writing. Since we are now traveling in the Age of Aquarius=The Age of Reuben, it would be of

*benefit to us to broaden our understanding. Next writing will be
Will the Age of Aquarius (Reuben) bring us into Seeing Eye to Eye?*
